

# Community Grant Application Form

## Welcome to GIVE Grants

Thrive Homes is keen to support projects that are making a real difference to our residents and the wider community.

Our community grants back local schemes and organisations that have the resources, experience or ideas that help make a positive difference and uphold our values.

We want to fund projects that reflect the four themes below and can demonstrate a direct impact on:

- **Training, employment and enterprise**
- **Social inclusion**
- **Health and wellbeing**
- **Financial inclusion and support**

When completing the Give Grant form please read each question carefully, and provide the relevant information where required. You may also provide additional information sheets if necessary.

The electronic format of this application form can be found on our web site:

<http://www.thrivehomes.org.uk>

Thrive's Business Innovation team is available for impartial guidance in filling in this application form. For further help, please contact:

**Daryl Pereira**

**Tel:** 0800 917 6077

**Email:** [getinvolved@thrivehomes.org.uk](mailto:getinvolved@thrivehomes.org.uk)

**Project Title**

--

**Project Group**

**Description of the organisation type:**

*(i.e. The name of the individual, group or organisation who will be developing and implementing the project)*

**Contact name (and project leader's name, if different):**

**Address:**

**Phone:**

**Email:**

**1. Project aims**

**What are you aiming to achieve?**

*Please give an outline of the project. Please also include any evidence of support from partner organisations, for example the local authority and the local community.*

--

## 2. Justification

**Who and how many residents would be engaged/benefit from the project?**

*Please highlight if your project aims to work with any disadvantage groups or 'hard to reach' sections of the community.*

*We want to fund projects that reflect the four themes below and can demonstrate a direct impact on:*

- **Training, employment and enterprise**
- **Social inclusion**
- **Health and wellbeing**
- **Financial inclusion and support**

*Please highlight the theme that represents your project below.*

## 3. Project management and development

**How do you propose to measure, monitor and manage your project timetable and spending**

*Explain what results you expect from your project. A successful applicant should demonstrate direct links between what the projects is aiming to do; what the project involves; what measurable results there are from the project; and what the implications of the project and its results are for the anticipated beneficiaries.*

*Note that all projects will be expected to submit regular progress monitoring, and you will be expected to provide reports to Thrive Homes regarding progress and achievements, either monthly or quarterly.*

#### 4. Costs

**How much money in total will your project cost?**

*A successful project bid should **demonstrate a detailed breakdown of your proposed costs against the anticipated budget**. This should include things like costs associated with staffing, activities, overheads, contracts and other specified costs.*

*Thrive Homes will encourage projects that can unlock other sources of funding e.g. match funding, mainstream funds. It is expected that project applications make explicit any other sources of funding and acknowledge any risks involved (in Section 7).*

**What is total cost of your project: £**

**How much grant fund are you applying for: £**

**Explain how are you getting the rest of the financing:**

**If you are planning to continue the project in the future how are you going to finance the project?**

#### 5. Managing risks

**What are the key risks involved in this project?**

*For example: securing staff, match-funding, premises or permissions; sustaining activities, etc. A successful project bid should demonstrate an awareness of the weaknesses and threats to the project's delivery and to the anticipated outcomes. It should also demonstrate proposals for managing these risks*

**What is the project's legacy expected to be?**

*Once the project is complete, a successful project bid should be able to demonstrate any relationships to what happens next e.g. what the exit strategy will be; how it affects lasting improvements; if and how the project is to continue; how it impacts on other work; or engages other funding streams.*

*Thrive Homes is keen to fund projects that are sustainable and can demonstrate lasting benefits to residents and the local community.*

**We, Thrive Homes acknowledge that your personal and/or organisational data is being collected on this form. For more information please refer to our privacy notice at [www.thrivehomes.org.uk/privacy-notice](http://www.thrivehomes.org.uk/privacy-notice)**
