## Jobs at Home is an award winner

We're delighted that the Jobs at Home social enterprise, run in partnership with Thrive, Watford Community Housing Trust and the Housing Leadership Foundation, has won a 'Best Training Scheme' award.

The trailblazing scheme, providing jobs and training opportunities for tenants who are unemployed or in insecure employment, won the accolade in the recent 24housing Awards 2014.

Thrive helped set up Jobs at Home during our 2013 'Year of Ambition' and it has since enabled many of our tenants to find work or training.
